# Come and live with us in Hiroshima Prefecture!

## Introduction to Hiroshima: A Prefecture of Captivating Charms

Please consider deepening your professional knowledge in an environment blessed with a mild climate and rich nature.

## Industry Combining the Charms of the City and Nature

Hiroshima offers sophisticated city functions as one of Japan's leading cities as well as the rich nature of its surroundings. Hiroshima Prefecture is often seen as a "miniature copy of Japan", as a variety of industries including manufacture, agriculture, and fisheries have flourished, giving birth to some of the best corporations in the country. Visitors can experience what Japan has to offer.

## Living The Climate and the Prices are "Just Right"

Seto Inland Sea Area is characterized by a mild climate; it is a comfortable place to live for anyone from any part of the world. The prices are low, compared to those of large cities such as Tokyo and Osaka, so there is less concern about living expenses, which is an important factor for international students who look forward to an environment in which they can study in peace and concentrate on their work.

## Messages from Senior

Current Students

### By studying abroad, we can enhance our language skills as well as deepen our knowledge of different cultures

IGL Medical and Welfare College, Care Department, 1<sup>st</sup> Year

**ZENG TING** from China

I chose to study abroad in Hiroshima because my home province of Sichuan has a friendship agreement with Hiroshima Prefecture. Hiroshima has a mild climate and is inhabited by modest people. Its streets are beautiful, and the city values peace. My Japanese language skills grew steadily through study and part-time work, and my cross-cultural understandings has deepened. Feeling fulfilled, I'm able to spend my life in a relaxed way. Please enjoy your student life in Hiroshima, everyone.

Graduates

### I gained various skills in order to work in Japan

Hiroshima International Business College,  
International Interpretation and Business Department (Graduate)  
Shinobu Foods Products Co., Ltd., Hiroshima Factory (Employee)

**HOANG KHAC HA** From Vietnam

After graduating from a Japanese language school, I went on to continue my study in interpretation skills at the International Interpretation and Business Department at Hiroshima International Business College. I also went through a variety of curriculums in order to work in Japanese firms, so I could find employment in human resources management and become an interpreter at a company in the food industry listed with the stock exchange. It is challenging, but also very fulfilling every day.

### I aspire to become a bridge engineer spanning Japan and Vietnam

Hiroshima Institute of Technology Polytechnic,  
Department of Mechanical Engineering

**PHAM VAN TUAN** from Vietnam

The Department of Mechanical Engineering offers a lot of practical training time, so I was able to study machining technologies that comprise the basis of manufacturing. I am currently attempting the "3<sup>rd</sup> Degree of the Machining Skills Test". In addition, I've participated in the internship program on my summer vacation, so I have a more concrete idea on becoming employed and working in Japanese firms. I aspire to become a bridge engineer connecting Japan and Vietnam in the future.

### I became an interpreter which I dreamed of and I feel fulfilled every day

Hiroshima International Business College,  
International Interpretation and Business Department, (Graduate)  
Asahi Co., Ltd. (Employee)

**ALTANTUYA** from Mongolia

I currently work at a Japanese trading company as an interpreter. I think Business Japanese language skills, as well as marketing and bookkeeping skills, learned at the International interpreter Business Department have proven useful to me. Being employed and learning new things from my seniors every day has made my life busy, but it is, above all, fun as it is my favorite occupation. As people around me are all gentle to me, I am encouraged to put my best efforts in work.

### Come and feel the spirit of hospitality in beautiful and peaceful Hiroshima

Hiroshima YMCA College, Hospitality Department,  
International Hotel and Bridal Course, 2<sup>nd</sup> Year

**HE YING** from China

Hiroshima, in which I chose to study, is a beautiful and peaceful city. I am deeply impressed that Japan has preserved a rich tradition and culture, harmonizing with modernity. I admire how the Japanese people observe etiquette, are kind, and value the feeling of gratitude. Wherever I go, people here welcome us with a warm smile. Do come to Japan to study abroad and feel the spirit of hospitality.

### It's my dream to work in my home country based on my experiences in Japan

Hiroshima Institute of Technology Polytechnic, Department of  
Electrical Engineering (Graduate)  
Chugoku Development Instrumentation Co., Ltd., Technological,  
Engineering and Manufacturing Department (Employee)

**TRAN THANH NHAN** from Vietnam

I currently handle electrical wiring based on electrical drawings. My knowledge and skills gained at the College to qualify for the 1st and 2nd Class Certified Electrician has been useful in my work. My office atmosphere is cheerful and fun. I am currently challenging myself to be involved in the installment of electrical equipment for dam locks. In the future, I'd like to participate in work related to electrical equipment in Vietnam based on my gained knowledge and experience.
